Dear Mother, Dad & All,

Meanwhile in Linsenburg

Finally received some mail today after waiting over a week. Got one from you, one from Bill and one from Louise. I just wrote to you last night but I thought I should drop you a line and let you know I received your letter. I can't understand why you haven't received more of my letters because I have been writing at least three times a week. Today is the first I have heard from Bill in over a month. He seems to be getting along just fine. I still haven't had the opportunity to go see him yet.

Haven't received any copies of the Daily News yet. I sure hope they come in soon. What I think of it, the next time you send a box please include some ~~toys~~ tooth paste. Tooth paste is very hard to get.

I'm glad to hear that Ken got home for a few days. The family is really spreading around the world, isn't it? I'd sure like to go to Brazil with Ken. I've always wanted to see South Am.

I'll get some perfume and send it home as soon as I can. Good perfume is hard to get around here. When you do get it they charge an awful price for it. I'll be going into Paris soon and I'll try to get something well. I guess that's about all for now. Take good care of yourselves and tell everyone I said "Hello".

Love,

V. MAIL

Louis
