*England*

*Dear Mother, Dad & all,*

*Just a few lines to let you know that I am getting along just fine and having a wonderful time in Wacky Old England*

*Before I came over here I thought I would go up into Scotland or Ireland, but we have had it so nice here, we have hardly left the place at all.*

*I met a fellow from Eugene the other nite. He is on his way home and he took my address and phone number, so he will probably be calling you. His name is Frank Capito. I hadn't seen him since I was home last year.*

*We may be here another week yet so when I do get back I guess I'll have quite a bit of writing to do. I should have quite a bit of mail waiting for me. I hope the boys don't eat everything in the packages.*

*Well, I guess that's about all for now. Take good care of yourselves and tell everyone I said Hello.*

*Love,*  
*Louis.*
